Board of Supervisors Rejects the
Offer of \$1,250 for the
Old County Buildings.

CLAIM THEY ARE WORTH MORE.

The Proposed Purchaser, J. Sher-
lock Allen, Contemplated
Great Improvements.

The board of supervisors today rejected the proposition of J. Sherlock Allen to give the county \$1,250 for the abandoned county buildings at Berrien Springs by instructing the committee on county buildings to sell the same for \$2,000.

Mr. Allen was asked by THE NEWS if he would pay \$2,000 for the property and he replied in the negative. He said he was not disposed to enter into a competitive bid for the buildings. If he could get possession of them for \$1,250 he would invest at once, but he would give no more. He had extensive mining interests in Mexico, he said, in which he could invest the \$1,250 at a greater profit, and although he much preferred living at Berrien Springs he would go to Mexico rather than pay more for the county property than it is actually worth.

Mr. Allen said further that if his offer had been accepted he would have expended \$15,000 in improvements upon the property. The upper part of the court house he intended to transform into a ball room, also build a stage at one end and use the room for amateur theatricals. On the first floor he contemplated the arrangement of a gymnasium and a library. He did not intend to alter the exterior of the building more than was necessary to make it substantial, in conformity to the wishes of old residents who were disposed to allow the building to remain in a condition suggestive of its age and the purpose it had served.

The jail, he said, would have been converted into a hotel. This plan would have entailed considerable expense as a hotel, to be popular, must be as much unlike a jail as possible. The cells, the bars and some of the walls he intended to remove. It is considered by all concerned that the board of supervisors made a mistake in not closing with Mr. Allen at \$1,250.

Supervisor Baldwin, of Chickaming, was one who opposed the \$1,250 deal, and Supervisor Kramer, of Royaltown, maintained that the old buildings were worth "all the way from \$3,000 to \$5,000." A motion that the committee on county buildings sell the property for \$2,000 was made and carried.

Attorney George H. Murdoch appeared before the board in the interests of Mr. Allen. He was taken ill very suddenly while the board was acting on the county buildings matter and the services of Dr. Wilson were necessary to restore him.

The proposition to sell the court house was made a special order for 3 o'clock tomorrow afternoon.

The finance committee rejected the reports of the clerks of Berrien, Lincoln, Watervliet, Three Oaks and New Buffalo townships because of their irregularity and the board ordered the reports returned to the clerks for correction. The reports were not accompanied by certificates indicating that their contents were a part of the regular proceedings of the township board, a requirement made necessary by law before the taxes reported could be spread upon the general roll. The board has trouble every year over the reports of various township clerks and there was a disposition among the supervisors to provide the clerks with a particular form on which to enter reports. After a brief discussion this proposition was decided impracticable.

The county indigent soldiers' commission will this year have more money to spend for the relief of needy war veterans than it had last year. Last year the board ordered a tax levy of one-twentieth of a mill for such purposes, the amount raised being \$781.86. This sum, the commission reported to the board, was not sufficient. Only \$45 of it remained to carry on two more months of relief work, and a few deserving cases had to go uncared for because of the lack of funds. The commission recommended that one-tenth of a mill be levied this year for the work and the board took favorable action on the recommendation.

THE STOCKHOLDERS.

They Will Not Receive Anything
From the Bank.

One of the directors of the First National bank stated today that he did not expect to receive a cent from his stock in the bank but he was inclined to the opinion that the stockholders would be called upon to put up money to liquidate the claims of the depositors.

It is stated that \$20,000 can be collected from the stock holders as that amount of the stock is held by persons who are financially responsible.

TO DIVE FOR GOLD.

Milwaukee Man Persists in Offering
His Help to Mr. Nichols.

The Milwaukee diver who wrote to Edgar Nichols, general manager of the local Klondike company, offering his services as a diver has written another letter. He wants to go to Alaska with the representatives of the Benton Harbor company and dive for gold in the Yukon itself. He is confident that he can bring to the surface a carload of gold every day. The man has been to Alaska several times and claims he can guide a party there in 30 days from Juneau. He has a route that escapes all the mountain passes.

CLOSED A STORE.

Constable Sinsabaugh in Charge of
a Jewelry Store.

This morning on an execution issued in Justice Cady's court Constable Sinsabaugh went to St. Joseph and levied on the stock of goods of Harry Stone, the jeweler. Mr. Sinsabaugh is now in charge of the stock.

There is a chattel mortgage of several hundred dollars on the stock, it is understood, held by Mrs. Stone. This must be satisfied before the constable will be able to secure anything on the execution.

It is probable that the stock will be closed out to satisfy the creditors. Mr. Stone is a popular citizen and his misfortune will be regretted by many friends.

THEY WANT GRAVES.

Alger Guard Importuning Him to
Take the Captaincy Again.

Captain Graves has said he could not accept reelection for another year on account of his business, which is to be regretted from many standpoints. He was one of the first to conceive the idea of organizing a military company here and worked hard with that end in view. Few are aware of the amount of work and correspondence he has done to place the company where it now stands and his wide acquaintance with the military authorities throughout the state makes him valuable to the company as its military head and at this time it cannot well afford to lose him. It is safe to say he will be re-elected, if he will accept, without a dissenting voice, and an effort should be made to have him accept the place. His decision was a surprise to all and the announcements made of other candidates was based on the supposition that his decision was final or not one member of the company would have allowed their names to be used against his.

The company is now where it will be a pleasure for its officers to be at its head and he should take hold with the boys and work for a higher standard of perfection which can be attained by close attention on his part and the help of his subordinate officers.

The election of officers tonight will no doubt call out a large attendance of members and every one should express himself freely.

Part of the Alger Guard will take part in the production of Old Glory at Conkey's hall Thursday night when they will give a short exhibition drill.

Every member of the Alger Guard should be present tonight at the annual election of officers.

A NILES WOMAN'S WOES.

Files a Sensational Answer to Her Husband's Bill of Divorce.

Mrs. Emma Nolan, of Niles, by attorney Theodore G. Bearer, has filed an answer to the sensational allegations made against her by her husband in a bill for divorce filed in the circuit court several weeks ago. She denies that she was ever intimate with Book Agent J. C. McGlue; that their conduct was that of lovers or that she sat on his lap, kissed him or combed his hair, and the charge, she says, is manufactured from the doings and actings of others at a certain spiritualistic seance and through the husband's association with the acting parties of the seance he, to satisfy his cruel and inhuman imagination, hurled at her what he knows is false.

Regarding her relations with one, Thomas, Mrs. Nolan says they were not unbecoming. She says Thomas is a spiritualist, talks with departed spirits and pretends to produce mysterious rappings. He visited the Nolan home, but always, Mrs. Nolan says, on invitation of her husband. He is, or was, a corset manufacturer and Mrs. Nolan admits calling at the factory and having a corset fitted, but there were present at the time several shop girls.

Mrs. Nolan admits having thrown at her husband a stove poker, a stove shaker, several small stones and a toy wagon, but none of the missiles, she said, took effect. She justifies such action by proclaiming that her spouse addressed infamous language toward her, charged her with infidelity and even going so far as to show personal violence toward her. She says she has discharged every marital duty toward her husband, has been a dutiful and true wife and that his jealous disposition and charges of unfaithfulness, continuing throughout their married life have been of such a character that she may, in times of exasperation, have given back similar language used by him.

She charges her husband with extreme cruelty toward her, claiming that his treatment has three times compelled her to leave him. On account of the children and his continued importunities she returned to him only to

be a victim of the same cruelties again. "With the little godliness I have," she says, "I did full hard for bear him," until forbearance ceased to be a virtue and March 6, at 11 o'clock, she left him and has since lived with her mother. She says her husband has a fiendish and jealous disposition; that his contaminated ideas of spiritualism, free love and their kindred associations have demoralized him.

UNFADING COTTON DYES.

Special Fast Diamond Dyes for Cotton, that Will Not Wash Out With Soap or Fade in the Sunlight.

It is absolutely impossible to get a fast and satisfactory color on cotton from the same dyes as used for woolen goods, and for that reason Diamond Dyes have a specially prepared line of fast colors for cotton that will give perfect satisfaction. Be sure to get the fast cotton dyes, and you can make colors that even washing in strong soapsuds and exposure to the sunlight will not fade.

Do not risk spoiling your goods with dyes that claim to color both cotton and wool with the same dye, as they are liable to ruin your material and cause the loss of your time and work. Some dealers try to sell new and untried dyes in place of the old reliable Diamond Dyes, but this is simply because they can buy them cheaper than the Diamond.

GOOD ONE ON JAKE.

His Six-year-old Solicitous About Him.

Some time ago Mrs. Simon, wife of the actor J. A. Simon, was reading from THE EVENING NEWS an account of the effect on Benton Harbor of the new state law which permitted townships to collect a license of peddlers. This city has a population of 25 or 30 Hebrew peddlers and it was shown that they would have to seek more fruitful fields. "Well, the Jews will have to leave Benton Harbor," commented Mrs. Simon as she glanced over the article in question. There was a moment's silence and the voice of little six-year-old Bobbie was heard as he plaintively inquired: "Mamma, can't papa come back?" Papa had started on his starring tour with the Simon Comedy company.

A SOLDIERS' COLONY.

It Will Soon Be Established on the Gulf of Texas.

S. H. Comings has just returned from Milwaukee where he participated in the organization of a Soldiers' Colony association.

They have secured twenty thousand acres of land on the Gulf coast of Texas and are to proceed to build a city.

Their land lies high and rolling, with a water front of six miles, on Matagorda bay, where the soil, climate and attractions will secure a rapid growth.

Men who are well and widely known are interested, such as General A. G. Weissert of Milwaukee, Past Commander of G. A. R., is President, General R. V. Adams of Minneapolis, past commander of Loyal Legion, is vice president with others who are equally favorably known.

The plan is to sell the land to settlers at a low price, and on such long and easy terms that any one can get a home in this garden spot and sanitarium of the south.

Already a large number of families are preparing to become members of the colony, both of old soldiers and others.

BRANCH OF WEST MICHIGAN.

An Extension of the West Michigan to be Built.

LANSING, Oct. 12.—A map of the Grand Rapids, Kalkaska & Southeastern railroad from the Chicago & West Michigan line at Barker Creek, Kalkaska county, to Lake City, Missaukee county, was received at the railroad commissioner's office today and the crossing board will meet next week Thursday to consider it.

Thomas Hefferan of Grand Rapids is president of the new company, which is evidently a child of the Chicago & West Michigan. Its present object is to reach the tract of timber near Lake City, but it is proposed eventually to extend the line across Kalkaska, Crawford, Oscoda and Alpena counties to Alpena.

SELL THE BUILDINGS.

The board of supervisors has been offered \$1,250 for the old county court house and jail at Berrien Springs. The board has the matter under consideration and it is likely that the offer will be rejected.

The buildings are worth more money. They have been idle several years, ever since the new county buildings were erected. Time is eating into the value of the property and in a few years more there will be no value in the old county site outside of the land.

The man who desires to purchase the buildings proposes to beautify them and the county by the expenditure of \$15,000. This \$15,000 will be brought here from Chicago and will be taxable toward the cost of the present county buildings.

It is hoped that the supervisors will accept the offer. It is a proposition that any business man would accept. The building are in no demand and \$1,250 is better now than \$2,000 eight or ten years from now.

Let the old buildings go. Berrien Springs is entitled to some consideration at the hands of the supervisors.

A GRAND Rapids clergyman preached Sunday night on the theme, "A Hot Time in the Old Town." The preacher proceeded to get after the coming carnival of fun in Grand Rapids and declared that the event promised to be one of debauchery, that business men would compel the girls employed in their stores to appear in the parade in ballet costumes and that the carnival of fun would be followed by a carnival of vice and sorrow. The managers of the show and the Grand Rapids newspapers say the minister is all right but he simply does not know whereof he speaks. The carnival will have no such features.

PINGREE's work as mayor of Detroit lives after him. Corporation Counsel Flower has begun a suit to have the

consolidation of the two street car companies declared invalid. The plans of Pingree were crushed by the consolidation.

"If you don't stop talking about the appointment of Fred Woodruff you will break up the party," writes an enthusiastic republican. The responsibility rests with Congressman Hamilton, not with THE EVENING NEWS.

CONGRESSMAN Hamilton's local organ says a majority of the St. Joseph people wanted a foreigner for postmaster and that ought to settle it. As long as the congressman turns the crank the same tune will be ground out.

THE more that is learned about the Yukon country the greater is the outlook for hunters of gold. It is now believed that every stream tributary to the Yukon from Klondike to St. Michaels is full of gold.

THE comptroller of currency has just declared a dividend of 12 1/2 per cent to the depositors of the First National bank at Mt. Pleasant. The first dividend of the bank here should be several times 12 1/2 per cent.

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

HICKORY CREEK DRAIN.

It Came Before the Circuit Court in a Special Session.

The circuit court held an evening session yesterday to hear the arguments of the council on the validity of the proceedings in the Hickory Creek drain.

A few of the property holders affected by the establishment of the drain contended that the proceedings are illegal despite the fact that a jury has passed upon the matter and decided the proceedings regular. The complainants were represented at the hearing last night by Lawyers Bridgman and Bacon and the drain commissioner by Gore & Harvey.

The court reserved his opinion. If he decides the proceedings irregular the matter will be taken before the supreme court.

A BAD NILES BOY.

James D. Platt Had a Painful Accident Brawl Him Yesterday.

BERRIEN SPRINGS, Oct. 12.—James D. Platt, residing one mile north of here, met with a painful accident last evening.

He was going to the back end of his farm for some potatoes and not wishing to walk he hitched his horse onto a machine used to cut corn. He made the trip and secured the potatoes and while returning he stepped off the corn cutter to fix the harness, when the horse suddenly started up and the knife of the cutter struck Mr. Platt in such a manner as to sever the cords and tendons of his right ankle just above the heel. He managed to get to the house where Dr. Mason was summoned and the wounds dressed.

A BOY'S GRIT.

After Breaking His Leg He Rode Three Miles for Relief.

BERRIEN SPRINGS, Oct. 12.—Last Saturday afternoon Carl Dunkleberger, the 12 year old son of George Dunkleberger, who resides four miles northwest of this village, was riding horseback into town. When within a mile of the village the horse stumbled and threw the boy over his head. In striking the ground his right leg was broken between the knee and the thigh. He crawled as best he could to a near by fence and after much labor succeeded in reaching the top rail when it broke and again threw him to the ground. He again made the effort to gain the fence which feat he accomplished. He called the horse to him and succeeded in getting on his back and rode back home, a distance of three miles. Upon reaching home he called to his mother, who realizing something to be the matter, hastened out and caught the boy as he fell fainting from the horse.

Dr. Mason was called and set the broken limb and the boy is doing nicely.

In speaking of his experience later Carl said that his leg became very heavy before he reached home.

After the Oct. 12—The race was in the Altan public schools broke out afresh yesterday morning. Last week the colored people stopped sending their children to the schools for the whites, supposedly awaiting a decision from the courts. The police guards accordingly were withdrawn. Yesterday morning the colored children appeared, and with a rush overpowered the janitor, struck the lady principal down and took seats. The police were summoned and ejected them, and school was held the rest of the day with the police guarding the doors. The board of education will this week appoint a truant officer who will attempt to make the colored children attend the schools especially set apart for them. Serious trouble seems imminent, as the colored parents are persistent in sending their children to the schools set apart for the whites, in which no colored children are allowed.

Pingree's View of Venezuela.

Detroit, Oct. 12.—Governor Hasen S. Pingree arrived home from his Venezuelan trip at noon Sunday, and as he drove up Woodward avenue as the people were coming out of the churches he received a great deal of attention. The governor was shown every attention by President Andrade. The latter was anxious for Pingree's opinion of Venezuela, and the latter gave it frankly. He told the president his people were too lazy, and that he ought to establish agricultural colleges to teach them to make the most of their fertile country.

Monetary Commission in Session.
